

Kaja Draksler- Terrie Ex

Kaja Draksler- piano
Terrie Ex- guitar

The ever dancing guitarist Terrie Hessels, founder of the iconic punk band The Ex, meets Slovenian-born and internationally acclaimed pianist Kaja Draksler. "Sonic deconstructions courtesy of the stage trap door, a biscuit tin, a spoon, fists and drumstick". They both like to drop objects at/in their instrument and challenge each other with their very different approaches. They construct, swipe, sway, glide. "A mesmerising experience. Intense, but fabulously rewarding".
